How to apply for 'Project Support' from
La Fondation Dassault Systemes India

Type of projects that can be supported by La Fondation

Non-commercial projects that can:

Transform the way we **learn**		Transform the way we **discover**	Transform the way we **preserve**

Contribute to education transformation

Development of 3D / Digital learning content

Develop young people's vocation for engineering jobs

Encourage scientific research

Protect and increase value of the intellectual inheritance of Humanity

Using 3D Technology, Virtual Universe

Apply for La Fondation Support

La Fondation Dassault Systèmes- India encourages & supports:

Non-commercial, Not for Profit Projects-

- ➢ Promoting Science and Technology
- ➢ Research Projects from Universities, Institutes, Colleges
- ➢ Innovative Learning Approaches, Learning Content Creation, Futuristic / Innovative Projects
- ➢ Addressing social cause, Providing Social Impact
- ➢ Heritage Preservation Projects

by applying expertise in 3D, virtual universes

Focus areas: Agriculture / Rural Eco system, Energy, City / Infrastructure, Healthcare
but not restricted to projects from these areas only, if you have high impactful research projects

Inviting applications for La Fondation Support

> If you have an interesting / impactful project, we would like to hear from you

1. <u>Submit a presentation</u> supporting the application (details provided in next slide)

2. <u>Fill-up Project Application form as per attached document template</u>

Application Form

> Please send these documents by email to: apply@lafondation3ds.in

Details to be covered in presentation along with the application form

1. <u>Presentation</u> should include slides with following information:

   ➢ Project Objectives

   ➢ Detailed Scope of the Project

   ➢ Outcome expected

   ➢ <u>3D / Digital Learning Content</u> which will be created through the project

   ➢ Significance of the project (<u>newness / innovativeness of the project</u>, <u>it's relevance to social cause</u> / Research / the impact it will make etc)

   ➢ Milestones, Timelines and deliverables

   ➢ Challenges you foresee to achieve project success and your plans to address those

   ➢ Your expectation from La Fondation, Funding plan (including self-funding) and funds expected from La Fondation

   ➢ Relevant photographs / pictures / Data points supporting the project

   ➢ A slide covering use of 3D Technology for the project as per table below

Project Title	3D CAD / Simulation software which you plan to use for this project	What will be accomplished using this software	PI elaborate how it covers the main portion of the project (heart of the project)?
